PALCard

PALCard Celebrates 20 Years

2016 marks the 20th anniversary of PALCard, UCI’s purchasing card. PALCard began its humble beginnings back in 1995 as a pilot program and began rolling out to departments in 1996 with an annual spend of around $1 million. Purchasing cards were a fairly new concept back then; however, ease of use and that it substantially reduced costs to purchase and pay for goods, made this purchasing tool quite popular and adoption caught on quickly.

“When I joined the Purchasing Department in 1999 to coordinate and later manage the program, annual PALCard spend was $7.5 million. Last year, annual spend grew to $40.2 million, 115,000 transactions, and 1,400 accounts. It is one of the most successful University of California purchasing card programs, and a highly respected purchasing card program in higher education. PALCard is now managed by Jennifer Chey and supported by two additional full-time staff.” —Heidi Worcester
